## EXHIBIT "A-2"

# WOODBIDGE ASSOCIATION, INC.

## FENCE RELOCATION AND ALTERATION GUIDELINES

These guidelines are set up to assist Woodbridge Homeowners to gain approval from the Architectural Control Committee (ACC) for altering an existing fence in Woodbridge. In order to do so, homeowners must obtain prior written approval from the Architectural Control Committee of Woodbridge Association.

This guideline is not all encompassing. It is not a substitute to you reading and becoming familiar with your Association restrictions.

The following restrictions apply to existing fence alteration within Woodbridge:

1. Every homeowner should review the closing documents for their home to verify any joint fence or shared fence agreements that may have been executed at closing with neighboring properties and ensure that they abide by any agreements.
2. It is suggested that each homeowner seeking permission to alter or rebuild a fence obtain a survey locating their lot lines and fence prior to construction. The survey should then be used in relocating the fence to help protect everyone involved from any potential litigation caused by fence alteration.
3. Homeowners wishing to alter an existing fence must obtain written approval from all neighbors bordering the fence in question. Each and every neighbor must have signed a consent, and have initialed a detailed drawing of the proposed fence replacement. The detailed drawings must have dimensions of the fence, including height, length, location of transitions, materials, picket type, stain or colorant, etc. All original letters of consent, along with initialed drawings, must be forward to the Woodbridge Association with the request for approval of the fence.
4. Any replacement fence will be of the same material as original fence, including picket type (dog ear, or in the case of board-on-board, flattop), stain, etc.
5. Pickets shall face the same direction as the originally installed fence, unless noted otherwise and signed by neighbors.
6. At the locations where an 8' fence attaches to a 6' brick screening wall fence, there will be an angled transition, as described in the Design Guidelines, on the fence belonging to the homeowner requesting the fence alteration.
7. All fences must be stained a color from the following list:
  - Sherwin Williams Colors: Semi-Transparent Stains

SW 3504 Woodridge  
SW 3507 Riverwood  
SW 3508 Covered Bridge

SW 3511 Cedar Bark  
SW 3512 Cider Mill

SW 3513 Spice Chest  
SW 3518 Hawthorne

- Lowes Colors: Olympic Semi-Transparent Stains

729 Dark Mahogany	726 Light Mocha	705 Russet
709 Black Walnut	716 Cedar Naturaltone	Ginger
714 Dark Tahoe	730 Teak	Caramel
725 Dark Oak	700 Sierra	Olive Brown
717 Tobacco	708 Walnut	Clove Brown

- Home Depot Colors: Behr Transparent and Semi-Transparent Stains

T-170 Golden Honey	ST-141 Tugboat	ST-134 Curry
T-171 Antique Oak	ST-158 Golden Beige	ST-533 Cedar Naturaltone
T-129 Chocolate	ST-146 Cedar	ST-122 Redwood Naturaltone
T-104 Cordovan Brown	ST-140 Bright Tamra	ST-116 Woodbridge
500/400 Natural	ST-135 Sable	ST-110 Chestnut
501/401 Cedar Naturaltone	ST-129 Chocolate	ST-115 Antique Brass
ST-142 Cappuccino	ST-123 Valise	ST-109 Wrangler Brown
ST-147 Castle Gray	ST-117 Russet	

Only Transparent or Semi-Transparent stains are allowed in Woodbridge. Solid color stains or paints are not permissible on wood fences. Other brands of stains may be used as long as they match with one of the colors presented in this Guideline. All sides of any one Owner's fence must be stained the same color.

Existing fences that are merely being stained or re-stained only, if stained one of the above approved colors it does not need Committee approval. Owners staining fences are responsible for repair of the damage caused by overspray, runs or drips that appear on neighboring fences.

An approval by the Architectural Control Committee in no way supersedes the restrictions or requirements of the City of Sachse or Wylie or any other governmental authority having jurisdiction over the property for approvals and permits.
